The Government shall promptly notify the contractor of its intention to withhold payment of any invoice or voucher submitted. Payment will be withheld until the failure is cured, a new delivery schedule is agreed upon, or payment is made as part of a termination settlement.

H. 6 307-17 CONFLICT OF INTEREST (AUG 2007)

- (A) The contractor, subcontractor, employee or consultant, has certified that, to the best of their knowledge and belief, there are no relevant facts or circumstances which could give rise to an organizational or personal conflict of interest, (see FAR Subpart 9.5 for organizational conflicts of interest), (or apparent conflict of interest) for the organization or any of its staff, and that the contractor, subcontractor, employee or consultant has disclosed all such relevant information if such a conflict of interest appears to exist to a reasonable person with knowledge of the relevant facts (or if such a person would question the impartiality of the contractor, subcontractor, employee or consultant). Conflicts may arise in the following situations:
- 1. Unequal access to information a potential contractor, subcontractor, employee or consultant has access to non-public information through its performance on a government contract.
- 2. Biased ground rules a potential contractor, subcontractor, employee or consultant has worked, in one government contract, or program, on the basic structure or ground rules of another government contract,
- 3. Impaired objectivity a potential contractor, subcontractor, employee or consultant, or member of their immediate family (spouse, parent or child) has financial or other interests that would impair, or give the appearance of impairing, impartial judgment in the evaluation of government programs, in offering advice or recommendations to the government, or in providing technical assistance or other services to recipients of Federal funds as part of its contractual responsibility.

 "Impaired objectivity" includes but is not limited to the following situations that would cause a reasonable person with knowledge of the relevant facts to question a person's objectivity:

 Offerors must provide the disclosure described above on any actual or potential conflict (or apparent conflict of interest) of interest regardless of their opinion that such a conflict or potential conflict (or apparent conflict of interest) would not impair their objectivity.
- In a case in which an actual or potential conflict (or apparent conflict of interest) is disclosed, the Department will take appropriate actions to eliminate or address the actual or potential conflict (or apparent conflict of interest), including but not limited to mitigating or neutralizing the conflict, when appropriate, through such means as ensuring a balance of views, disclosure with the appropriate disclaimers, or by restricting or modifying the work to be performed to avoid or reduce the conflict. In this clause, the term "potential conflict" means reasonably foreseeable conflict of interest.

- (B) The contractor, subcontractor, employee or consultant agrees that if "impaired objectivity", or a actual or potential conflict of interest (or apparent conflict of interest) is discovered after the award is made, it will make a full disclosure in writing to the Contracting Officer. This disclosure shall include a description of actions that the Contractor has taken or proposes to take, after consultation with the Contracting Officer, to avoid, mitigate, or neutralize the actual or potential conflict (or apparent conflict of interest).
- (C) Remedies The Government may terminate this contract for convenience, in whole or in part, if it deems such termination necessary to avoid the appearance of a conflict of interest. If the Contractor was aware of a potential conflict of interest prior to award or discovered an actual or potential conflict (or apparent conflict of interest) after award and did not disclose or misrepresented relevant information to the Contracting Officer, the Government may terminate the contract for default, or pursue such other remedies as may be permitted by law or this contract. These remedies include imprisonment for up to five years for violation of Title 18, U.S. Code, Section 1001 and fines of up to \$5000 for violation of Title 31, U.S. Code, Section 3802. The Contractor may also be required to reimburse the Department for costs the Department incurs arising from activities related to conflicts of interest. An example of such costs would be those incurred in processing Freedom of Information Act requests related to a conflict of interest.
- $(\bar{\text{D}})$ In cases where remedies short of termination have been applied, the contractor, subcontractor, employee or consultant agrees to eliminate the organizational conflict of interest, or mitigate it to the satisfaction of the Contracting Officer.
- (E) The Contractor further agrees to insert in any subcontract or consultant agreement hereunder, provisions which shall conform substantially to the language of this clause, including specific mention of potential remedies and this paragraph (E).

Payment to the GPO shall be made directly by the Department and charged to the Contract.

H. 13 316-1 ACCESSIBILITY OF SOFTWARE (OCTOBER 1999)

The Department of Education (ED) considers universal

accessibility to information a priority for all its employees

and external customers, including individuals with disabilities.

Under Sections 504 and 508 of the Rehabilitation Act of 1973

(29 U.S.C. sections 794 and 794d, as amended), ED must ensure the accessibility of its programs and activities, specifically its obligation to acquire and use accessible electronic and information technology. ED maintains the manual, "Requirements for Accessible Software Design," to convey the accessibility

needs of the Department to the developers and suppliers of computer applications. To comply with the provisions of this clause, the contractor may use the edition of the ED manual "Requirements for Accessible Software Design" in effect at the date of award of this contract or any more recent edition. A copy of the most recent edition of the manual may be found at

- http://www.ed.gov/fund/contract/apply/clibrary/software.html
 (a) Software delivered to or developed for ED--Except as provided in paragraph (b) or (c) of this clause, all software delivered to or developed for ED, under this contract, for use by ED's employees or external customers must meet all the requirements of the ED manual "Requirements for Accessible Software Design." However, in accordance with paragraph (c) of this clause, the contracting officer may waive a particular requirement of the ED Manual, provided that ED's use of the software will meet the requirements of Sections 504 and 508 of the Rehabilitation Act of 1973 (29 U.S.C. sections 794 and 794d, as amended).
 - (b) Software enhanced or modified for ED--Any enhancements and other modifications, made under this contract to software for use by ED's employees or external customers, are subject to the requirements of paragraph (a) of this clause, regardless of where or how the software was first developed. Except as otherwise specified elsewhere in the contract schedule, the contractor is only required to ensure that enhancements or modifications (not other, preexisting features or components) of the software fully comply with the accessibility requirements of paragraph (a). However, the contractor is encouraged point out any preexisting features or components that do not meet accessibility requirements and to suggest solutions to ensure the software complies.
 - (c) Waiver of requirements -- It is recognized that new technologies may provide solutions that are not envisioned in or consistent with the provisions of the manual "Requirements for Accessible Software Design." Also, compliance with certain requirements of the manual may not be feasible for the particular software required. In such extraordinary circumstances, the contracting officer may grant a waiver, in writing, to any requirement of the manual or of this clause if it furthers a public interest of ED and will not significantly impair ED's ability to ensure accessibility of its programs and activities to all its employees and external customers, including individuals with disabilities. To request a waiver, the contractor shall notify the contracting officer in writing, listing the specific accessibility requirements that would not be met and explaining how the accessibility of a particular feature can be achieved by alternative means or why it is not feasible to make a feature of the software accessible.
 - (d) Condition of payment--The contractor agrees that compliance with the provisions of this clause upon delivery of the software to ED is a condition of payment under this contract.

H. 19 52.232-33 PAYMENT BY ELECTRONIC FUNDS TRANSFER--CENTRAL CONTRACTOR REGISTRATION (OCT 2003)

(a) "Method of payment."

 - (i) Accept payment by check or some other mutually agreeable method of payment; or
- (ii) Request the Government to extend the payment due date until such time as the Government can make payment by EFT (but see paragraph (d) of this clause).
- (b) "Contractor's EFT information." The Government shall make payment to the Contractor using the EFT information contained in the Central Contractor Registration (CCR) database. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the CCR database.
 - (c) "Mechanisms for EFT payment." The Government may make payment by EFT through either the

Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

- (d) "Suspension of payment." If the Contractor's EFT information in the CCR database is incorrect, then the Government need not make payment to the Contractor under this contract until correct EFT information is entered into the CCR database; and any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.
 - (e) "Liability for uncompleted or erroneous transfers."
- (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--

(i) Making a correct payment;

- (ii) Paying any prompt payment penalty due; and
- (iii) Recovering any erroneously directed funds.
- (2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--

- (ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.
- (f) "EFT and prompt payment." A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.
- (g) "EFT and assignment of claims." If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register separately in the CCR database and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to Subpart 32.8, is not permitted. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. - (h) "Liability for change of EFT information by financial agent." The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.
- (i) "Payment information." The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in the CCR database.

SECTION M EVALUATION FACTORS FOR AWARD

M. 1 EVALUATION FACTORS FOR AWARD

- (A) The Government will make award to the responsible offeror(s) whose offer conforms to the solicitation and is most advantageous to the Government, cost or price and other factors considered. For this solicitation, quality will be a substantial factor in source selection (including technical merit and past performance), however, cost/price factors shall be evaluated and the contracting officer will determine whether the difference in quality is worth the difference in cost or price.
- (B) Past Performance (15 points)
- 1. Each offeror's past performance will be evaluated based on the subfactors below. The past performance rating (worth 15 points) will be combined with the technical rating (worth 85 points) to produce a combined rating of a maximum 100 points. Significant weight will be assigned to the offeror's track record in subfactor 2a. below—meeting (or exceeding) required sample response rates. The relative importance of combined quality factors to cost or price is described in paragraph M.1 (A).
- 2. Past performance subfactors:
- a. Meeting Required Sample Response Rates.—experience achieving sample response rates of 85 percent or greater in surveys of postsecondary education institutions.

It is expected that this rating will be used in those rare circumstances when contractor performance clearly exceeds the performance level of "excellent."

- 3. Past performance evaluation will be based on information obtained from the awards and references listed in the offeror's proposal, other customers known to the Government, consumer protection organizations, and others who may have useful and relevant information. Information will also be considered regarding any major subcontractors and key personnel records. The contracting officer will give greater weight to the past performance of an offeror considered to be either more reliable or more relevant to the effort required by this solicitation.
- 4. Evaluation of past performance may be subjective, based on all facts and circumstances considered to be relevant for this procurement. The evaluation will include consideration of the offeror's commitment to customer satisfaction, will give great weight to the offeror's track record in meeting or exceeding required sample response rates, and will be based on informed judgment.
- 5. Award may be made from the initial offers without discussions. However, if

discussions are held, offerors will be given an opportunity to discuss unfavorable past performance information obtained from references, if the offeror has not had a previous opportunity to comment on the information. The contracting officer may review recent contracts to ensure that corrective measures raised in discussions have been implemented. Prompt corrective action in an isolated instance might not outweigh an overall negative trend.

- 6. If an offeror, or the management or proposed key personnel for the offeror, does not have a past performance history relating to this solicitation, the offeror will receive a neutral evaluation for past performance, meaning half-credit will be given.
- (C) Technical Evaluation Criteria (85 points)
